Guitar Amp (mic, yours 1x12)
Andrew Vocal (XLR- from his mic)

Bass (XLR- from bassrack)
Keytar (DI)
JonPaul Vocal (XLR- from his mic)

NOTES:

Please get our mics up first during the check, so we can communicate with you!

Andrew's vocal is primary on most songs. Valerie sings lead on others please be prepared to adjust the vocals accordingly.

Andrew plays Drums, seated front and center, while singing and playing guitar simultaneously. The kick mic should be at a 45 degree angle. The snare should be rustic NOT big rock. Andrew does not hit the HH with a stick. He occasionally plays accordion through his guitar amp, be prepared to make adjustments. He likes to have a small monitor beside him.

Valerie plays Accordion, Toy Piano, Saw, and Ukelele through her submix, please pay close attention to these instruments as they can feedback easily. The accordion is her primary instrument, its volume should be equal to or just under the guitar. Tonally it should fit between the guitar and Bass.

If you have Subs please make sure JonPauls Bass and Keytar are hitting them.

1. Kick (mic, yours)
2. Snare (mic, yours)
3. OVR (mic, yours)
4. Bass (XLR- from bassrack)
